## F O R E W O R D

---

The March number of "The Ohio Alumnus" is issued as a correction supplement to the last Alumni Directory published in April, 1923. Only changes of address or occupation and errors discovered in last year's directory have been included in this issue. Exceptions to this statement are to be noted in the cases of many graduates after whose names the master's degrees received "in course" at Ohio University were omitted in 1923. In such cases where only the master's degree was lacking, credit for the degree has been given and no repetition made of the occupation and street address unless changed. The names of most of these graduates will be found in the earlier classes.

As in the 1923 Directory no classification of graduates as to degrees and diplomas has been attempted except in the classes of 1922 and 1923. Hereafter all future classes will be so classified. The Class of 1923 is listed in its entirety—all other classes are represented by necessary corrections only.

The asterisk (\*) used in connection with names in the last two classes indicates the home address of the graduate and may or may not be the business or professional address. "Obs." after a name indicates that the last address given is no longer correct.

Again we make the plea that the readers of "The Ohio Alumnus" assist in the work of maintaining accurate files in the Alumni Office. The Editor will be pleased to receive any corrections or amendments to the names, degrees, and addresses recorded in the present publication and the principal edition of April, 1923.

CLARK E. WILLIAMS, Editor.
